

## Strength thru numbers Grow your membership with Questys

### Making it Easier to Run Your Association

People are drawn to your organization by your reputation, the way you take care of your membership, and how you do business.

Building your association by streamlining how you manage business-critical documents will enable you to expand your standing, speed and even increase services to your members, and transform the way your association operates.

Think about not having to worry about the accuracy of forms, updating information at the national, sectional, or chapter level, and bringing new levels of efficiency to accounting. Imagine getting to any file with a mouse click—anytime, anywhere. Consider what would happen to your association in case of a compliance issue, eDiscovery matter, or even disaster.

### A Complete Document Management/Workflow Solution At your Fingertips

Questys has delivered scalable cost-effective Document Management and Workflow systems to organizations ranging from small municipalities to global industrial leaders. Now you can bring additional value to your membership by really using your association's information: take it, shape it, secure it, and deliver it in the format that makes the best business sense for your association with Questys.

### Where we improve your association's bottom line

- **Reduced capital expenditures and operational costs**
- **Accelerate service delivery to membership so retention and recruiting is bolstered**
- **Expected savings between 30-50% realized by moving to MVP, you will be gaining real competitive advantage**
- **Significantly reduce paper storage costs – by up to 90%**

### Additional Benefits

- Achieve one-view into all association documents in a secure repository.
- Save time through powerful search and instant retrieval of documents.
- Make lost documents a thing of the past.
- Improve performance through automated monitoring and integration with existing applications.
- Deliver information in a manner that's relevant to your membership.

### Focus on your membership instead of focusing on paperwork

Questys streamlines processes and eliminates wasteful, costly, paper-based document management, enabling associations, no matter the size, to not only manage their daily paperwork but help them reach long-term membership goals.

- **Simplify how membership forms and accounting information is received, stored, routed and delivered**
- **Foster collaboration and speed decision making at all levels of the association**
- **Reach green, paperless solutions to enable your association to meet its carbon footprint initiatives**
- **Change the mountains of existing files into a user-friendly, fast system that enables you to find any file, any time, anywhere at the touch of a button**
- **Cut the expense, time, personnel, and waste tied to outdated document management**
- **Implement best practices at a faster rate to realize greater ROI**

That's freeing your association's resources to become more innovative in serving your membership and growing your association.

That's people more productive!
