QUESTYS
People More Productive

Revolutionize Your Office with Questys

The future of document management
Are you tired of drowning in a sea of paperwork at your city or county office? Do you find it challenging to keep track of historical documents or compile agenda packets promptly? Imagine a world where you can effortlessly manage your office's documents, streamline processes and increase government transparency. Welcome to the future of document management with Questys, the comprehensive solution designed specifically for cities, counties and local government offices.
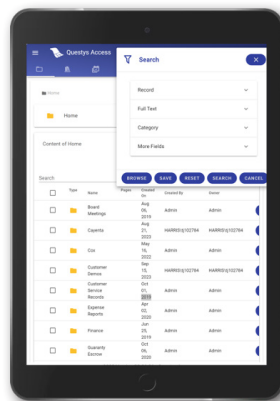

Say goodbye to chaos
Managing stacks of paper is a thing of the past with Questys. Say goodbye to manual filing, lost documents and cumbersome storage solutions. Questys helps you make the transition from paper-based chaos to a streamlined electronic system, ensuring your office operates at peak efficiency.

Go beyond the basics
Questys goes beyond basic document management, combining usability, reliability and security into everything you do. Below are just a few of the ways city and county clerks at our customer sites are using Questys today:

Finding past council meeting references in a flash. Searching for past council meeting references can be a time-consuming ordeal. With Questys, you can retrieve relevant content quickly using a variety of search criteria, metadata or full-text search options. Never waste time looking for information again - Questys has got you covered!

Integrating with Agenda Management for easy preparation. Putting together agenda packets has never been easier. Questys also offers Agenda Management, providing ready-to-use and customizable templates. Save precious hours and ensure that your agenda packets are prepared promptly, allowing you to focus on

THE QUESTYS PORTFOLIO

Electronic Content Management
We enable organizations to deliver relevant content to users where and when they need it as well as eliminate ad hoc processes that can expose an organization to regulatory compliance risks and security issues.

Workflow Automation
Whether personnel are across the hall, across the city or across the country, Questys Workflow Automation WFx promotes increased workplace organization, productivity and accountability, while helping to reduce project time and costs.

Agenda & Meeting Management
For city managers, county clerks and other administrators, the Questys solution captures and manages physical records electronically, and automates agenda processes such as legislative publishing, roll-calls and vote tabulation.
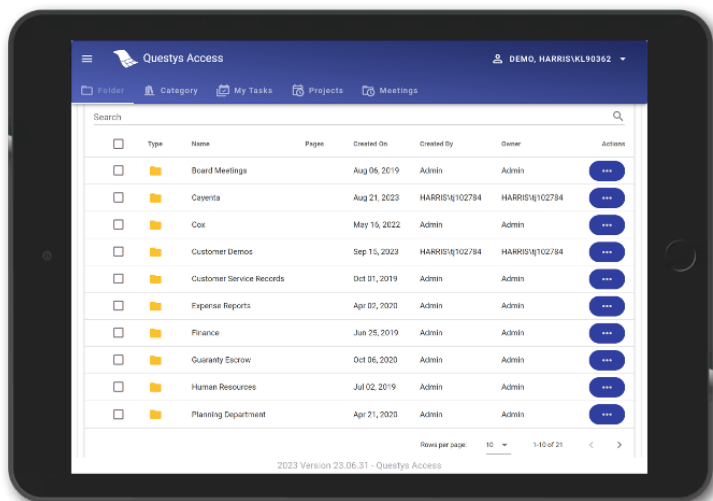

Forms Automation
Questys Capture uses OCR to extract data from contracts, forms, invoices, letters, etc., for automated insertion into your Questys CMx at the same low price no matter how much paper you process.

Questys Access
Questys Access empowers seamless document management and collaboration though a modern web-based interface that allows for anytime, anywhere access, whether you're in the office, at home or on the road.

more important tasks.

Providing secure access for the public. Ensuring government transparency while maintaining security and compliance is crucial. Questys is designed to meet industry-leading security standards, making it easy to provide public access to documents while adhering to FOIA, the Brown Act and other transparency initiatives. Rest assured that your office operates with the utmost integrity and compliance.

and accessible via the cloud.

Unlock the potential

Ready to transform your office's document and agenda management processes? Questys is the trusted solution that will elevate your city or county office to new heights of efficiency and security.

Preserving and protecting historical records. Preserving historical records is a monumental task, but Questys makes it simple. Capture and store physical records online and automate the process with Questys Capture by clicking a button. No more worrying about the security risks and damage from environmental disasters - Questys keeps your important files safe
